EUMENES PAPER.

Eumenes, King of Pergamos (197 B.C.), first brought the art of making parchment to perfection; the new material was prepared in such a way as to be fit to receive writing on both sides.

The Eumenes Note Paper is manufactured with a texture and surface to imitate as nearly as possible the parchment of King Eumenes, being strong and smooth and both sides alike, and is matchless for writing upon.

AN EASY GUIDE TO HINDUSTANI.

HINDUSTANI AS IT OUGHT TO BE SPOKEN.

Especially prepared for those who desire a correct knowledge of the language, without having to prepare for examinations. In Roman Character.

By J. TWEEDIE, Bengal Civil Service. Second Edition. Crown 8vo, cloth. Rs. 4-8.

Supplement containing Key to the Exercise, etc. Rs 2.

The work has been thoroughly Revised and partly Re Written, and much additional matter added. The VOCABULARIES have been improved, and all words used in the book have been embodied in the GLOSSARIES ENGLISH-HINDUSTANI—HINDUSTANI-ENGLISH. A READER is also given, and a GENERAL INDEX to the whole book.

"The Young Civilian or Officer, reading for his Examination, could not do better than master this Revised Edition from cover to cover."—*Indian Daily News.*

"His little book is just what it ought to be . . . . . At the best of times the paths of Hindustani are no pleasant ones, but Mr. Tweedie has really succeeded in smoothing them for a beginner."

"The book is divided into twelve easy lessons, and there is nothing to prevent the most khanshama-worried *mem-saheb* from mastering one of these a day. At the end of a fortnight she will have acquired a small useful vocabulary, and should be quite certain how to use the works she knows. Further progress is aided by two very complete little vocabularies containing about two thousand five hundred words each."—*Englishman.*

"It presents to the beginners a large amount of useful information in a manner that renders it easy of acquisition."—*Hayes' Sporting News.*

THESE papers are manufactured solely from the finest selected rags, from which only the highest class papers are made; and the two important factors in the making of papers—the *sizing* and the *drying*—have had special attention.

The papers are bright in tone, crisp and close in texture, and cannot be surpassed.

The **Orient** is a very beautiful paper, suited for ceremonial and private use where postage is not so much a consideration.

The **Lotus** covers a more extended field from the minimum weight of the Inland rate of postage to the ordinary thicker kinds, and is admirably adapted for friendly correspondence and all ordinary commercial requirements. The materials from which the **Lotus** paper is made, though somewhat less costly than the ingredients of the **Orient,** can scarcely be said to be lower in quality.

MESSRS. THACKER, SPINK & Co. recommend these papers with every confidence; they have been made under their own personal directions in England, and after a long and special experience of the requirements of the Indian community. The quality cannot be surpassed, and they combine the very special distinction of intrinsic value with moderation in price.

LOCKE, LANCASTER

AND

W. W. & R. JOHNSON & SONS,

LIMITED.

Brand.

Leadenhall Buildings, LONDON.

Brand.

Tea Lead Rolling Mills, Limehouse, London.

ESTABLISHED 1789.

ORIGINATORS OF THE

INCORRODIBLE TEA LEAD,

Proprietors of the "W. W. & R. Johnson & Sons'" Brand.

AWARDED THE ONLY MEDAL FOR TEA LEAD

AT THE CALCUTTA EXHIBITION, 1884.

MEDAL,	Exhibition, London,	1862.
GOLD MEDAL,	Exhibition, New Zealand,	1882, for WHITE LEAD.
FIRST MEDAL,	Exhibition, Calcutta,	1884, for WHITE AND RED LEAD.
ONLY MEDAL,	Exhibition, Calcutta,	1884, for TEA LEAD.

W. W. & R. JOHNSON & SONS' Brand of Tea Lead is not only coated with special preparation of Tin but is also an amalgamation so prepared as to render the whole of the Metal non-corrodible, and is consequently not liable to the risks incidental to Lead merely coated with a thin film of Tin.

The process of manufacture, namely,—the casting, rolling and cutting, &c.,—is effected by machinery specially designed and patented by them, thereby ensuring perfect uniformity in substance and size of Sheets.

The Tea Lead is carefully packed in cases. The Zinc linings being so designed that only one joint is made at the top of the case, thereby diminishing the risk of injury to the Sheets of Tea Lead.

LOCKE, LANCASTER, and W. W. & R. JOHNSON & SONS' (Ld.), attention has been called to the recent question relating to the action of the Acid generated by moisture in the wood used for Tea Chests or otherwise—it is well known that moisture of any sort damages the Tea, also that all woods contain or will absorb moisture, hence the necessity of having a perfectly air-tight Lead lining, which will resist the effect of this influence. The special amalgamated Incorrodible Lead, when properly and carefully soldered, will do this and insure the contents of each Tea Chest (under fair conditions) arriving to market sound and unimpaired in quality.

LOCKE, LANCASTER, and W. W. & R. JOHNSON & SONS (LD.), supply all requisites for Tea Gardens, such as Hoop Iron, Solder, Solder Fluid, Resin, Nails, Hoes, Shovels, &c., &c.

The special features about Quirk, Barton & Co.'s Tea Lead are that it is exceedingly close in grain and tough in quality, thereby rendering it non-liable to holes. The metal is of uniform thickness per square foot throughout, and retains its silvery appearance in any climate.

Quirk, Barton & Co.'s Tea Lead is not only coated with a special preparation, but is also an amalgamation, so prepared as to render whole of the metal non-corrodible and innocuous.

Quirk, Barton & Co.'s specially prepared Tea Lead insures the contents of each Tea Chest (under fair conditions) arriving on the market sound and unimpaired in quality.

THE CLUBS OF INDIA.

THE MOST VALUABLE INDIAN AND TROPICAL REMEDY KNOWN.

FREEMAN'S

ORIGINAL

is allowed to be the greatest medical discovery of the present century, and its introduction into India has

CHLORODYNE

been regarded, both by Europeans and Natives, as the safest & most successful remedy known.

For the Treatment and Cure of the following Indian Diseases:—

Diarrhœa, Ague, Dysentery (both Acute and Camp), Ardent and Dengue Fever, Camp, Colic, Gout, Neuralgia, Paroxysmal and Continuous Fever, Rheumatism, Wind-Stroke, Sorethroat, Influenza, and Asiatic or Malignant Cholera.

FREEMAN'S CHLORODYNE is a SPECIAL and SPECIFIC Remedy for the above Indian Maladies, if taken immediately and according to the clear and explicit directions which are wrapped round every bottle MR. FREEMAN, the inventor, is glad to find that Anglo-Indians are becoming more alive to the fact that the theory of acclimatization has received a somewhat different interpretation since the introduction of his Chlorodyne into India in 1850

DIARRHŒA.—For the treatment and cure of this very prevalent malady in India, it rarely, if ever, fails.

DYSENTERY.—So common in all seasons of the year, and in every part of India—affecting Europeans and Natives, old and young alike FREEMAN'S CHLORODYNE, IF TAKEN IN ITS EARLIEST STAGE, rapidly checks the disease, and in the more acute and chronic cases will, if persevered with, effect a cure.

ASIATIC or MALIGNANT CHOLERA. In all stages of this epidemic malady, recent investigations by the most Eminent Scientists and Medical Men in all countries, prove FREEMAN'S CHLORODYNE to be the *only* known Specific. A separate paper, specially drawn up by an Indian Army Surgeon, accompanies every bottle from the smallest size to the large or Tea-planter's bottles, which contain a pint and are proportionally cheaper

CHILDREN'S DISEASES in INDIA.—FREEMAN'S CHLORODYNE will be found a valuable medicine for Children, and a proper SCALE of Infantile Doses is given with each bottle.

It rapidly relieves pain from whatever cause, allays the irritation of Fever, soothes and strengthens the system under exhaustive diseases restores the deranged function, stimulates healthy action of the secretions of the body, gives quiet and refreshing sleep, and marvellously prolongs life. It may be taken by old and young at all hours and times.

SPECIMEN TESTIMONIAL.

From Monsieur BARTHELEMY BONJOUR, *Delegate of the Society for the Relief of the Wounded, Decorated with the Cross of the Convention of Geneva.*

"Le Caillon pres Meung sur Lorie, Fance, *June* 18, 1873.

"I hereby attest that the Chlorodyne manufactured by RICHARD FREEMAN, Pharmacist of London, is the best remedy against **Cholera and Dysentery**, and further affirm, as Director of the Anglo-American Ambulances and of French Prisoners, during the War from 1870 to 1871, that a large number of those under my care were attacked with **Dysentery**, and that by means of his **Chlorodyne** they were in a few days perfectly cured.

"(Signed) BONJOUR BARTHELEMY."

MANUFACTURED BY THE SOLE INVENTOR, RICHARD FREEMAN, PHARMACIST, 70, KENNINGTON PARK ROAD, LONDON, S.E.

Sold in Bottles at 12 Annas, Re. 1-8, Rs. 2-8, Rs. 6, and Rs. 10.

Sold by Chemists and Patent Medicine Dealers in all parts of the World.

Testimonials from the most eminent medical men accompany each bottle.

Anglo-Indian and Native Purchasers are cautioned not to have palmed upon them any substitute. There are other articles bearing the name of Chlorodyne, but quite devoid of its wonderful effects. See that the Trade Mark, "The Elephant or Hathi," is on the wrapper, &c., and that the words Freeman's Original Chlorodyne are engraved on the Government Stamp, which is the ONLY TRUE CHLORODYNE.

MAY BE HAD OF ALL CHEMISTS AND DRUGGISTS

Dr. Lalor's Trade Mark PHOSPHODYNE is Registered under the Trade Marks Act for the INDIAN EMPIRE, and attested by the seal of the Registrar, Calcutta.

HEALTH AND STRENGTH.

DR. LALOR'S
PHOSPHODYNE

For THIRTY YEARS has maintained its WORLD-WIDE reputation as the ONLY SAFE RELIABLE PHOSPHORIC REMEDY ever discovered for the Permanent Cure of Brain Wreckage, Paralysis, Sleeplessness, Harassing Dreams, Premature Decay of Vital Power, and all other Functional and Diseased Conditions of the System dependent upon the Deficiency of the Vital Forces.

THIS CURES DYSPEPSIA AND HEART DISEASES
CURES KIDNEY AND LIVER COMPLAINT
CURES CONSUMPTION AND GENERAL DEBILITY
CHECKS ALL WASTING OF THE VITAL FORCES
from whatever cause arising.

The effect of this Standard Phosphoric Remedy in Nervous Debility and its Kindred Evils is Immediate and Permanent, all the Distressing Symptoms disappearing with a rapidity that is REALLY MARVELLOUS.

Dr. LALOR'S PHOSPHODYNE

Actually creates New Nervous Fluid and Brain Matter by supplying the Blood with its Electric Life Element Phosphorus, "the very Core and Centre of the Brain itself," and kindles afresh the Fire of Life from the Sole of the Foot to the Crown of the Head, restoring the fullest and most vigorous conditions of Robust Health of Body and Mind, so that All the Duties of life may be pursued with Confidence and Pleasure; and whilst pleasant to the taste and agreeable to the stomach, never fails to Purify and Enrich the Blood, and thoroughly Invigorate the Brain Nerves and Muscles. Its energising effects are shown from the first day of its administration by a remarkable increase of Nerve and Intellectual Power, with a feeling of Courage, Strength, and Comfort to which the patient has long been unaccustomed. Digestion is invigorated. The appetite increases wonderfully. The bowels become regular. Sleep becomes calm and refreshing. The face becomes fuller, the lips red, the eyes brighter, the skin clear and healthy, and the hair acquires strength, showing the importance of its action upon the organs of nutrition.

Dr. LALOR'S PHOSPHODYNE

Is the only Medicine of the kind or name awarded a Certificate of Merit at the Calcutta International Exhibition, 1883-4, where all Countries were Exhibitors. And the only Trade Mark PHOSPHODYNE Registered under the Trade Marks Act, 38 and 39 Vic. 91, Certified by the Registrar of Trade Marks, London.

THOUSANDS of unimpeachable Testimonials from all parts of the world, and from the highest Medical Authorities, prove conclusively the Verdict Universal that in the world of scientific research no other Phosphoric Preparation has received such exalted praise and distinguished recognition.

The Enormous Sale and very remarkable Cures effected by Dr. LALOR'S PHOSPHODYNE have induced numbers of Physicians to prescribe and use it in their own families and in several of the London Hospitals.

Dr. LALOR'S PHOSPHODYNE is sold in bottles, at 4*s.* 6*d.* and 11*s.*, by all Chemists and Druggists throughout India.

Full Printed Directions, for the guidance of Patients in the Self-treatment of the above Diseases, are enclosed with each Bottle.

Manufactured only at

DR. LALOR'S PHOSPHODYNE LABORATORY,
HAMPSTEAD, LONDON, N.W.

BEWARE OF VILE IMITATIONS.—NONE IS GENUINE UNLESS every bottle bears the British Government Stamp with the words "Dr. LALOR'S PHOSPHODYNE, London, England," engraved thereon.
